FOR IMMEDIATE RELEASE

RECOMMENCEMENT OF OPERATIONS AT TZU CHI ECO POINTS

SINGAPORE, 13 JULY 2022: In line with Singapore’s gradual relaxation of COVID-19 measures together with support from community grassroots organisations, the monthly [Tzu Chi Environmental Sustainability Day](#) has resumed at most of Tzu Chi’s community [Eco Points](#) island-wide. While previously held every second Sunday of the month, it was shifted to **every third Sunday of the month from 9am – 12pm** last year onwards.

In the past 23 years, the Eco Points have served as meccas of knowledge about environmental protection for schools, enterprises, and other NGOs. Group visits as well as actual participation at the Eco Points have enabled countless students, staff and volunteers to learn the importance of applying environment protection principles in their lives. Today, the Eco Points have evolved into self-help Recycle Right service points. Through utilising the public spaces of HDB flats or condominiums, it has also encouraged nearby residents, both young and old, to come by and self-sort recyclable resources.

With an urgent global need to protect the environment today, it has become essential to not only increase public awareness, but to speed up the understanding of "why" and “how”. The aim behind would be to deepen the understanding of the symbiotic relationship between mankind and Mother Earth, thus motivating people to change from the heart towards a sustainable lifestyle incorporating the 5 R’s. Therefore, in 2020, Tzu Chi made

a name change from "**Recycling Points**" to "**Eco Points**", reflecting the goal for Tzu Chi's environmental protection mission to focus more on education.

Appended below is the full list of the 30 Eco Points which have resumed operations by 17 July 2022:

ABOUT TZU-CHI FOUNDATION (SINGAPORE)

The Buddhist Tzu Chi Foundation is a global non-profit humanitarian organisation founded in 1966 by a Buddhist nun named Dharma Master Cheng Yen in Taiwan. Its missions of charity, medicine, education, humanistic culture and environmental protection have brought relief to over 100 countries.

In 1993, Tzu-Chi Foundation (Singapore) was established, with the organisation's work starting with the Mission of Charity and the goal of relieving poverty, before gradually expanding into the Missions of Medicine, Education, Humanistic Culture, and Environmental Protection over the years. The heart of Tzu Chi is embedded in its name: in Chinese, "tzu" means compassion and "chi," relief.
